About the curator - Mr. Shen Lei
Shen Lei is one of the founders of Interior Architecture Designs. His unique design approach is from analyzing the blending of architecture and content as an integrated topic to the envisioning of new designs. His projects present the intuitive creative of thinking crossing the boundaries between architecture and interior design.

LaCanTouch

LaCanTouch focuses on the world's high quality wallpaper, textiles, and provides a good platform for home decoration and now completing the whole series of soft decoration. At the same time, introducing the latest design concepts, fashion trends and color trends and providing professional service and attitude to every designer and customer.

The metaphor of encounter is as follows: instantaneous action & idea in an instant; poetic quality or flavour & emotional appeal in a mental conception; sense-making & awareness in a calm state of mind; time & space in an intellectual sense; dynamic interception of joyful events on the horizon in a "dream-like" state; touch of collected "inspiration".

Draw abstract ink painting to express the image with the concept of "Tao generates one, one generates two, two generate three, and three generate everything" and use the oriental nothingness. Namely the paradoxical chaotic expression image and dreamy delusion to echo the theme of Dream.
Goodness and badness will change with the maturation of the mind. There are unlimited evils of desire hiding in Pandora’s Box. Don’t change the childhood innocence into excessive demand as we grow up. When the possession is taken for granted, the innocent astonishment will disappear.
Surrealist - is a contradictory expression. I happened to face an intense contradiction between the modern and the tradition in my next product inspiration. Combining with the judgment on next color and pattern, we can express the "surrealist" theme.

The new season Old Fashion (OF series) upholstery fabrics and wallpaper is designed by Mr. Dai Kun. This season's wallpaper also asked the United States York factory for processing. York itself is the largest wallpaper factory. This corporation will fully integrate manufacturers design and powerful advantage in the production process.
实验
Experimental

“实验”所产生的结果有太多的不确定性，尝试是个不断叠加的动作，试验经过实验产生了经验。概念就是个实验室，意识在大脑中与思想产生了化合，随之而来的就是各种可能性。

There are so many uncertainties about "experiment" results. The attempt is a constantly-superimposed action. Any experiences can be produced after experiment. The concept is a laboratory. The consciousness can be combined with the thought in brain, followed by various possibilities.
